

MINUTES of the Regular Meeting of the Pliocene Ridge CSD Board of Directors

Date: Thursday September 19, 2024 Time: 6:30 pm

Location: Alleghany Firehouse Station 2

1. ESTABLISH QUORUM, CALL TO ORDER, FLAG SALUTE: The meeting was called to order at 6:35 pm by Vice President Bruce Coons. Flag Salute. Present: Board members, Pam Davis, Bruce Coons, Chris Mills and Burns Tenney. Director Grace Lundeen was absent. Also in attendance: District Fire Chief Chris Dorn, Alleghany Assistant Chiefs David Arbogast (by phone) and Ned Cusato. Public: none Pliocene Ridge CSD Secretary Rae Bell Arbogast attended by phone and took the minutes.

Prior to the adoption of the agenda an urgency item was brought to the board's attention. A motion was made to add the USDA Vehicle Grant to the agenda for discussion and to provide staff with direction. The motion was made by Chris Mills and seconded by Pam Davis Ayes: Davis, Coons, Mills, Tenney Noes: none Absent: Lundeen Abstain: none ~ Motion carried. It was decided to discuss the issue before the consent calendar was addressed. [Last spring, after the district applied for help with the purchase of the Water Tender and a rescue truck USDA had said that no funding was available for this fiscal year] Treasurer Rae Bell Arbogast explained that she had received an email the previous day (Sept. 18^{th)} from our USDA rural development representative stating that some funding had come through unexpectedly for the vehicle funding and that Pliocene Ridge CSD's application had made first place out of 50 applications submitted state-wide. The email stated that a grant amount of \$46,800 was available with a list of hoops to jump through including requesting loans from 3 different banks, financial documentation, a letter regarding reserve funds. The email stated that they needed all this no later than the next day (Sept. 19th). Rae Bell did not see the email until 4pm [and she was in Montana where it was 5pm]. She responded immediately stating that she could work on everything in the morning. She "hit the ground running" the next morning, provided the letter, requested financial information and contacted 3 banks with a loan request based on a template provided by USDA. A few hours later at 11 am she got an email stating that the amount wasn't as much as they were told originally and that we could only get \$22,300! The USDA rep. apologized for the confusion and said that our option was to take that amount or wait until the next funding cycle to try again for the larger amount. She needed an answer right away. Rae Bell told her that she needed to consult with the board and that by coincidence a board meeting was already scheduled for that night. Staff did discuss amongst themselves and felt that we should take the lower amount rather than bank on possibly getting a larger amount later. We were told that the application would be re-ranked if we applied again on the next cycle. Then at the end of the day and shortly before the PRCSD board meeting we got another email from USDA saying that they might be able to honor the full amount of \$46,800 after Sept. 30th when their fiscal year ends. They stated that other states usually have left-over money that can be tapped into. After a discussion the board instructed staff to move forward with getting whatever money they could, even if it is the lower dollar figure and to fill out the necessary paperwork. This was agreed upon by consensus.

2. CONSENT CALENDAR:

Approval of current Agenda (with modification above), Minutes for regular meeting held June 20, 2024, and the Treasurer's reports for June, July and August 2024. A motion was made to approve the consent calendar by Chris Mills and seconded by Pam Davis Ayes: Davis, Coons, Mills, Tenney Noes: none Absent: Lundeen Abstain: none ~ Motion carried.

3. PUBLIC COMMENT: None.

4. INFORMATION/DISCUSSION ITEMS

- a) Correspondence Incoming. Conflict of Interest Code docs from Sierra County Clerk Recorder Outgoing Letter to the IRS explaining why form 944 was filed for Calendar Year 2023 and requesting a refund for the penalty and interest that was paid in May 2024, Letter of intent to participate in Golden State Risk Management Authority's Risk Management Assessment Program (RMAP) for fiscal year 24-25
- **b)** Committee/Member/Business Reports:
- 1. Chief's Report ~ Chief Dorn commented that it has been quite a while since there was a board meeting. They have been very busy; it is a banner year for the district with over \$150,000 in income expected for a combination of Strike Team assignments and Standby assignments. So far there have been 6 Standby assignments with more expected. Having local firefighters on standby during extreme fire weather makes sense because they know the terrain best and have the quickest response time for nearby incidents. The standby crews have been working on cleaning up the firehouse while on duty. Chief Dorn and Firefighter Ethan Esch took Water Tender 67 to the Park Fire in Butte County for 12 Days. That assignment alone is expected to bring in around \$62,000 gross with a payroll expense of around \$30,000. The net revenue will essentially pay for the cost of the Water Tender purchased last year.

He reported having to turn down some strike team assignments because of low staffing levels. He can't leave the district without coverage. A standby that started on September 1st ended up rolling into initial attack on the Bear Fire near Sierra Brooks. They were on that call for a full 24 hours and performed structure protection in Sierra Brooks. Luckily the wind cooperated, and the fire moved away from the community.

He stressed that while this income is great, we can't count on it every year. His thought is to put it into reserves to use to improve the stations and upgrade apparatus. There are some expenditures that he will be making immediately to keep the district in the position to take advantage of these opportunities. Specifically for necessary radio equipment that is quite expensive.

Next year he is hoping to become a strike team leader for Sierra County. He isn't quite qualified but intends on taking the necessary training this winter. All this work is making the district part of the bigger group which is very important. These connections are mutually beneficial.

- 2. Assistant Chiefs' Report: Ned Cusato reported that things have otherwise been pretty quiet since the last board meeting with a couple of medical calls.
- 3. Alleghany Fire Department Auxiliary: ~ No report
- 4. Pike Community Support Foundation ~ There was a moment of silence for PCSF President and long-time Pike resident Roland Roberston. Everyone voiced appreciation for his community service work and stated that he will be missed. Chris Mills reported that a Celebration of Life for Roland was scheduled for September 21st at noon at the Pike Firehouse. It will be a potluck.
- $5.\ Board\ Member/Staff\ Reports \sim$ Secretary/Treasurer report provided in writing.
- 6. Firewise Community Projects ~ Report Provided in writing.

- 7. Firehouse Projects & ADA Compliance:~ Chief Dorn talked about the work that the crew has been doing at the Pike Firehouse during the standby assignments. Besides cleaning and hanging sheet rock they removed the walls on the bathroom stall in the engine bay with an eye towards making it ADA Compliant. This will provide a ground-level space for board meetings. All measurements indicate that this can be done with minimal effort. A larger rescue truck was taken into consideration when taking the measurements. (action item under "new business")
- 8. *Pending Grants* See USDA item above, still no word on the Rural Capacity 50/50 grant for radio equipment.

5. ACTION ITEMS

- a) Unfinished Business
- 1. Appoint Officers. After discussion the following slate of Officers was selected: Chris Mills President, Bruce Coons Vice President, Rae Bell Arbogast Secretary/Treasurer. A motion was made to appoint this slate by Bruce Coons and seconded by Chris Mills Ayes: Davis, Coons, Mills, Tenney Noes: none Absent: Lundeen Abstain: none ~ Motion carried.
- 2. Discussion re: use of new Command Vehicle Chief Dorn explained that on high-fire danger days when he will be on duty as Officer In Charge (OIC) This will be on days when he will not be working outside of the district for the County. He wants to drive the command vehicle from his home in Pike to the County Yard in Alleghany for a faster response time in the event of a fire. The board decided by consensus that this is a good idea but were concerned if it might raise any insurance issues. The Secretary is to investigate this further and report at the next meeting.
- **b)** New Business
- 1. Biennial Review of Conflict of Interest Code: A copy of the code was posted with the meeting documents. It was decided by consensus to authorize the President to sign the form provided by the County.
- 2. Establish Rae Bell Arbogast terms of employment Copies of Rae Bell's compensation terms as an independent contractor and her hours for the last two years were provided in the packets. A summary of her compensation was also provided. After a discussion it was decided to end the payment terms as listed in the contract that ended on June 30th and switch her compensation to an hourly rate paid at minimum wage. Additional money was incorporated into the draft final budget to accommodate this change. She explained that she will continue to donate some hours. There was a question about if a job posting was required. [Secretary was having a hard time communicating via phone and did not fully understand the question, thinking this was in reference to splitting her job into two positions. Topic added to October agenda for further discussion.] A motion was made by Chris Mills to change the Secretary/Treasure's rate of pay to minimum wage seconded by Pam Davis Ayes: Davis, Coons, Mills, Tenney Noes: none Absent: Lundeen Abstain: none ~ Motion carried.
- 3. Approve including district's property in Alleghany and Pike in planning grants for fuels reduction. It was explained that the Sierra County Firesafe Counsel has hired a forester to work on planning grant proposals for Pike and Alleghany. It was decided by consensus that both the Pike Firehouse property and Alleghany Firehouse Station 1 property should be included. If a grant is awarded there will be documents to sign.
- 4. Adopt Final Budget for Fiscal Year 24/25 A motion was made by Chris Mills to adopt the budget as presented and seconded by Pam Davis Ayes: Davis, Coons, Mills, Tenney Noes: none Absent: Lundeen Abstain: none ~ Motion carried.

- 5. Appoint project manager for engine bay bathroom remodel. After discussion: A motion was made to appoint Ned Cusato as the project manager and to authorize staff to apply for a building permit to build an ADA compliant bathroom by Burns Tenney seconded by Pam Davis Ayes: Davis, Coons, Mills, Tenney Noes: none Absent: Lundeen Abstain: none ~ Motion carried.
- 6. Remove Item #15 "Complaints" from Article II of the Bylaws A motion was made to Remove Item #15 of Article II from the bylaws by Burns Tenney seconded by Chris Mills Ayes: Davis, Coons, Mills, Tenney Noes: none Absent: Lundeen Abstain: none ~ Motion carried.
- 6. ANNOUNCEMENTS, NEXT MEETING DATE & AGENDA ITEMS: The next regular meeting is scheduled for October 17, 2024 in Pike. Director Tenney explained that he cannot make the 17th and suggested moving the date to October 16th since there have been problems with getting a quorum together. Secretary to work on this. Next Meeting Agenda items:
- **7. ADJOURNMENT:** There being no further business before the board, the meeting was adjourned at 8:04 PM.

Respectfully submitted,

Rae Bell Arbogast, Secretary

Pliocene Ridge Community Services District

100 Pike City Road Pike City, CA 95960

NOTICE OF REGULAR MEETING OF THE BOARD OF DIRECTORS

Thursday September 19, 2024, 6:30 pm Location: Alleghany Firehouse Station 2

VIA Phone Conference available for non-board members call 978-990-5144 Access code 6919768#

ALL MEETING DOCUMENTS ARE POSTED ONLINE plioceneridge.org

- 1. ESTABLISH QUORUM, CALL TO ORDER, FLAG SALUTE
- 2. CONSENT CALENDAR
 - a) Approval of Agenda b) Approve Minutes for regular meeting held June 20, 2024 c) Ratify Treasurer's reports & bill payments for June, July and August 2024
- 3. PUBLIC COMMENT: The public may be heard before or during the consideration of any agenda item to be considered by the board, subject to reasonable time limitations for each speaker. Members of the public may address matters under the jurisdiction of the Board of Directors, and not on the posted agenda, provided that no action shall be taken by the board unless the matter is deemed urgent by a 2/3 vote.
- 4. INFORMATION/DISCUSSION ITEMS, STAFF &/OR COMMITTEE REPORTS
 - a) Correspondence since last meeting –
 - b) Committee/Member/Business Reports:
 - 1. District Chief's report
 - 2. Assistant Chiefs' reports
 - 3. Alleghany Fire Department Auxiliary
 - 4. Pike Community Support Foundation
 - 5. Board Member/Staff Reports ~
 - 6. Firewise Communities –
 - 7. Firehouse Projects & ADA Compliance ~ Both Departments- One item under new business.
 - 8. Pending Grants –
- 5. DISCUSSION and POSSIBLE ACTION ITEMS:
 - a) Unfinished business:
 - 1. Appoint Officers
 - 2. Discussion re: Chief Dorn to utilize new command vehicle on workdays.
 - b) New business
 - 1. Biennial Review of Conflict of Interest Code
 - 2. Establish Rae Bell Arbogast terms of employment
 - 3. Approve participation in planning grant for fuels reduction project for Pike and Alleghany firehouses.
 - 4. Adopt Final Budget for Fiscal Year 24/25
 - 5. Appoint project manager for downstairs bathroom remodel at Pike Firehouse and authorize staff to acquire a building permit for the job.
 - 6. Remove Item #15 Complaints from Article II of the Bylaws
- 6. ANNOUNCEMENTS, NEXT MEETING DATE & AGENDA ITEMS ~ The next regular meeting is scheduled for October 17, 2024 in Pike. Agenda items
- 7. ADJOURNMENT

Upon request, agendas will be made available in alternative formats to accommodate persons with disabilities. Please make your request to District Secretary, 100 Pike City Rd, Pike CA 95960 or plioceneridge@gmail.com specifying your disability and the format in which you would like to receive this agenda and future agendas. SEND AN EMAIL TO plioceneridge@gmail.com to be added to the email list for meeting notices.

Staff report for meeting date 9/19/2024 Note: The regular August 2024 Board meeting was cancelled due to the lack of a quorum and no meeting was held in July per the regular meeting schedule. Yellow highlights show additions to the August report. Report prepared by Secretary/Treasurer Rae Bell Arbogast—disclaimer: any opinions expressed in this document belong to the author and do not represent the official stance of the district.

Agenda item 4. a) Correspondence since last meeting.

Incoming. Conflict of Interest Code docs from Sierra County Clerk Recorder Outgoing Letter to the IRS explaining why form 944 was filed for Calendar Year 2023 and requesting a refund for the penalty and interest that was paid in May 2024, Letter of intent to participate in Golden State Risk Management Authority's Risk Management Assessment Program (RMAP) for fiscal year 24-25

Note: I could find no requirement for emails to be listed under correspondence. I put an inquiry on the CSDA Forum and got only one response from a special district secretary who stated that her district lists only emails that are pertinent to the board's business. That seems like another "can of worms" because who decides what is and is not pertinent? For this reason and reasons explained in my June Staff report, I am not listing emails under correspondence. The board could always adopt a policy regarding this to clarify the definition of "correspondence" if they choose to.

Agenda item 4. b) 5 Staff Reports.

Status of request to Sierra County BOS for funding from Service area 2 for medical supplies. Thanks in large part to the advocacy of Supervisor Lee Adams, the BOS voted on 8/6/2024 to allocate \$1,000 for this fiscal year, to PRCSD help pay for medical supplies. This will be tracked in a separate fund and a report will be made to the BOS next year. The hope is that we will be able to establish this as an annual allocation from Service area 2.

Streetlights: After the June meeting, I realized that I did not fully answer the question about why the streetlights' portion of the county management fee has risen over the years. As stated at the meeting, it is true that the percentage charged by the County has increased, but the revenue amount has also increased, so it is a combination of both things, that has caused the amount to increase.

After the June meeting, I looked in Quickbooks and the billing for the lights in Forest City got reduced to only 2 lights in 2015. BUT according to Forest City resident Cheryl Durrett, three lights are currently on and an additional fourth light that was never upgraded to a LED went out just a couple of years ago. This is the light that they want back on, Badge #5. There is another one that is on that they want turned off.

I reached out to PG&E at the end of June 2024 to establish a new contact in the streetlight division but I never got a call back. In July I remembered that I had some email addresses from the LED upgrade was done in 2015. By searching my emails, I found them and sent out an inquiry. Three out of four addresses responded back! PRSCD now has a streetlight rep Ryan Gibbs, who is working with me. We will be working to get the billing side straightened out and the light in Forest badge #5 upgraded and turned on.

I had a phone meeting with Ryan on July 18th and I also spoke to Forest City resident Cheryl Durrett. On July 21st Ryan had me fill out a request form to turn badge #5 in Forest City back on and to add it to the bill. Ryan said this is the first step, then we can have it upgraded to LED. I sent a follow-up email on 8/8/2024 and on 8/9/2024 I got an attachment that I can't open, but the message was that I will need to make a phone call. The light has been added to the billing. On 9/7/2024 Cheryl informed me the light is off again (after it was on briefly). Multiple follow-ups with PGE on 9/9/2024, 9/10 and 9/11. Work ongoing. My newfound confidence that we could get this taken care of is quickly waning.

Status of Fiscal Year 23/24 bookkeeping close out. I followed up with Sierra County Auditor Van Maddox on the status of the final tax payment for Fiscal year 23-24 and he said that it will be mailed no later than August 16th. The amount of that final check is not predetermined. Once we get the check (or the amount of the check anyway) I can close out the books and update the Funds accordingly. Then everything will be mailed to Boden, Klein and Sneesby CPA's for the independent audit. (Final tax check deposited in September, funds updated)

Risk Management Accreditation Program (RMAP) Golden State Risk Management Authority offers insurance premium refunds of 1 to 10% for participants in their RMAP program. The letter of intent to participate is due the first Monday in September for each fiscal year. Cameron and I submitted a letter of intent for PRCSD. The next step is a meeting with a representative from GRSMA. Cameron and I will be doing that on October 18th.

The district has participated in this program in the past. With the recent insurance cost increase, it makes sense to try again. Getting everyone caught up on required trainings (Ethics and Harassment Prevention) is one way to earn points. Reminders for the Ethics training have been sent to the board.

Agenda item 4. b) 6 Firewise On July 27, 2024, the following email went out to the Pike and Alleghany residents who expressed interest in participating in a fire prevention grant last summer.

My name is Danielle Bradfield and I am the consulting forester working with Sierra County on various fuel reduction projects throughout the County. Rae Bell Arbogast provided me with your contact information as part of a list of folks potentially interested in fuel reduction within your community.

Sierra County now has funding to put together potential community-level fuel reduction projects. In late August, myself and my staff foresters are preparing to take a look at properties of those interested in an effort to get a Alleghany/Pike project "shovel ready". This status would provide the Sierra County Fire Safe Council with the necessary information (total acres, treatment types, treatment prescriptions, and permit type needed) to write a grant to fund implementation of fuel reduction in the community. Having this information makes for a much more competitive grant application with a more accurate anticipated budget.

The initial information we would need to gather is:

- general fuel types and extent (trees, brush, how much, how tall, how dense etc).
- presence and abundance of watercourses
- slope, topography
- is obvious archaeology present (visible to the naked eye).

In order to gather this information I would need permission to access your property strictly for these purposes. For most properties, I would need access for approximately a half to 1 day. If preferred, I can have my foresters also meet you on site when they are there.

If you remain interested in this effort and would like a site visit, please let me know by responding to this email. You can also text or call me at (530)927-7095.

If you are no longer interested, that would be great to know as well, and if I don't hear from you, I will not include your parcel(s) in the project and will not access your property(s).

Last, if you know of others that are potentially interested, please feel free to forward this email and/or my contact info to them and I can add them to the list should they desire.

Thanks for your time and please feel free to reach out with any questions,

Danielle Bradfield RPF #2808 P.O. Box 1411, Quincy, CA. 95971 (530)927-7095 (cell)

I posted the email on both of the firewise community facebook pages and the Alleghany outreach Facebook page. As of this writing (Aug-Sept) I haven't heard anything else.

Agenda item 4. b) 8 Pending Grants Volunteer Capacity 50/50 grant. The district applied for two Bendix king radios with accessories and two minitor VI pagers, estimated total cost \$7,322 grant would be half of that or approximately \$3,661. I followed up and we should be getting word any day now.

Agenda item 5. b) 1 Biennial Review of Conflict of Interest Code. This is required every two years. The pertinent policy is on pages 9-10 of the Bylaws included in the online meeting docs. Because PRCSD requires all board members, officers and fire chiefs to report on form 700, as far as I know there is no issue and the policy does not need to be updated. (It is a potential issue if reporting isn't required).

Agenda item 5. b) 2. Establish terms of employment for Rae Bell Arbogast At the June 20th meeting an urgency item was added to the agenda because of feedback from the insurance pool regarding my contract for services. The board voted to make me an employee. Since my contract ended on June 30, 2024 I went ahead and submitted a final invoice through that date.

From my most recent contract: <u>Compensation</u> District agrees to compensate Contractor at the rate of \$200 per month and to reimburse contractor for actual expenses incurred upon presentation and Board approval of an itemized statement with supporting receipts. [For Secretary and Treasurer Duties plus other administrative duties] Contractor shall be compensated for the performance of tasks for which reimbursement to the district either is, or becomes available at a rate of \$20 per hour. This includes: Mutual Aid billings and the related payroll processing, billings to individuals and other agencies (for example Ordinance #1 non-resident billings and Title III billings), Grant Administration and Administration of the Firewise efforts. Contractor shall be paid in the capacity of a Red Cross Instructor at a rate of \$25 per student per day for district personnel. (Classes are either one-day or two-days). District shall cover the cost of Red Cross fees and class materials in addition to paying contractor as outlined above. Contractor shall seek reimbursement to the district for training expenses whenever possible via outside funding sources. Contractor shall invoice other agencies for all class expenses when personnel from other agencies attend classes taught under the district's AP agreement.

I would like to propose an hourly rate equal to minimum wage in place of the above terms. Currently minimum wage is \$16 per hour (it is raised by the State on a regular basis). I will continue to seek reimbursement for my wages whenever possible. I am proposing this change for a few reasons: 1. It simplifies the payment terms and will take pressure off for me to "earn" that \$200 per month. 2. It will facilitate splitting my position into two positions (as explained in June I would like to retain the "Treasurer" position and pass along "Secretary"). 3. It complies with State Law but won't prevent me from continuing to donate time as well. 4. Hopefully it will help the district recruit other administrative help in the future.

Entire Section below is new.

Time sheets from the last two fiscal years are included in this month's meeting packet. Based on the history, the board should expect to pay more per year at minimum wage. I have also attached Policy #1020 Administrative Duties. Currently I am handling the positions of Secretary/Treasurer and Administrative Assistant. There are notes on the time sheets regarding items that I won't bill. Additional pay has been incorporated into the final budget to accommodate minimum wage (see detail sheet).

Some years will require more hours than others, but usually there is income, or some other benefit tied to additional admin hours. The insurance rating survey is a good example. I spent about 40-hours working on that in 2019. This benefits all district residents with the best insurance rating we can muster (we did very well last round). I recently sent them an inquiry because in the past we did it

every 5 years. They said that it can take up to 7 years for us to come up on their list. Grant applications are also very time consuming (see FY 22-23) but don't always pay off. The standby and mutual aid calls create more administrative work, but the cost is more than offset by the income.

Agenda item 5. b) 5 Appoint Project Manager In August I explained to new Risk Manager Cameron Shay that the district lacks an ADA compliant space in Pike to hold board meetings. A simple solution was identified several years ago: make the downstairs bathroom ADA Compliant and hold meetings on the ground floor. That project was put on hold pending the firehouse options analysis and decision. Chief Dorn and/or Cameron can speak to this, but the crew was on standby at the Pike Firehouse recently and they decided to "get er done!" They started the project. Money is included in the final budget to have the volunteer crew make the bathroom in the rescue bay ADA compliant. A project manager needs to be appointed, and board authorization is needed to apply for the permit. Chief Dorn and Ned Cusato are confident that they can do the required drawings for the permit application. It should be noted that whatever the final decision is for the Pike Firehouse, it will take years to fully execute. In the meantime, the district is out of compliance with State Law for not having an ADA accessible meeting space in Pike. More importantly (in my opinion), there have been times when the stairs have been a problem for board members, staff or members of the public.

Agenda item 5. b) 6 Bylaw revision

Per the ethics workshop provided by the Fair Political Practices Commission that I recently completed, it is a violation of open meeting law to require complaints be in writing. For that reason, the following should be removed from the Bylaws:

Article II of the Bylaws Item #15 Complaints. No oral presentation by any person in attendance shall include charges or complaints against any District employee, or director regardless of whether or not the person is identified in the presentation by name or by another reference which tends to identify. All complaints shall be directed to the Board in writing

Draft Final BUDGET Summary FY 24-25
